About PVC Manufacturing

Poly Vinyl Creations, a vinyl fencing pioneer, manufactures the highest quality of vinyl fencing, decking, railing and garden products available on the market today. As an industry leader, Poly Vinyl Creations has employed the most advanced methods in modern technology and manufacturing to produce a premium quality vinyl fence.

Poly Vinyl Creations has over 200+ standard styles of vinyl fence and a large variety of ornamental steel and aluminum fence. We pride ourselves on the ability to meet every desire in residential, commercial, or industrial applications. Specializing in creativity for you is what we desire! If you have an idea about something you like, just ask! Poly Vinyl Creations wants to be your distributor of choice for all your outdoor needs.

Our vinyl fence profiles are extruded using rigid PVC material containing impact modifiers for strength and a concentration of Titanium Dioxide pigment for ultraviolet light resistance. The profiles used in your fence meet or exceed ASTM specifications F-964-02.

We offer a Lifetime Transferable Non-Prorated warranty giving you a peace of mind that you are receiving the highest quality of vinyl fence in the market. Our Dealers receive a manufactures warranty card with your order. Ask for it upon completion of your installation to register your product. Make sure your warranty card states Poly Vinyl Creations. Be careful of imitations.

Maintenance & Information

To clean a soiled spot from your vinyl product, please refer below to the list of common marks found on your outdoor vinyl products. Next to each one is a recommended cleaning agent.

Type of Stain	Cleaning Agent	Preparation	Special Cleaning Procedures
Mold and Mildew	Normal cleaning: 1 cup of Simple Green mixed with 1 gallon of water or for heavier cleaning use equal parts of both	Mix the appropriate solution for your cleaning needs.	Apply with soft cloth. Use only a little pressure for "normal cleaning." You may use slightly more pressure for the "down-and-dirty" stains.
Asphalt, crayon, greases, oils, tars, wax and miscellaneous	Solvents: Mineral Spirits, VMP, or NaptheaAuto Tar Remover	Use a plastic wood scrape to remove excess.	Apply mineral spirits with a soft cloth. Use a little pressure to polish stained areas. Rinse with water after stain is removed.
Gum, lipstick, marking inks, nail polish, and miscellaneous	Trichloroethylene Cleaning Fluid	Use a plastic or wood scraper to remove excess. The gum needs to be chilled for removal.	Apply mineral spirits with a soft cloth. Use only a little pressure to remove stain. Rinse with water.
Stubborn Stains	Xylene-lacquer Thinner	Use this method ONLY if the above methods have failed.	Moisten a small section with the thinner and vigorously rub.
Rust	CLR or Vinegar	None	Apply with soft cloth. Use a little pressure for "normal cleaning."

Disclaimer: These procedures are not guaranteed to remove stains. If unsure of proper procedures, please follow manufacturers' instructions.

Hardware Choices

Dealers receive manufacturers' warranty card with your order. Ask for it upon completion of your installation to register your product. Avoid imitations in the marketplace; not all vinyl products are the same!

Material Specifications: Rigid PVC exterior profiles, used by Poly Vinyl Creations, contain impact modifiers for cold weather and Titanium Dioxide pigment for ultraviolet light resistance. These profiles meet or exceed ASTM specifications F-964-02.
